EXPOSITION METRO LINE CONSTRUCTION AUTHORITY NOW HIRING STAFF FOR CONSTRUCTION

Key staff positions are now being filled in preparation for the start of construction on the 9-mile Exposition Light Rail Line from downtown Los Angeles along Exposition Boulevard to Culver City.

Individuals wishing to apply for positions with Expo are encouraged to e-mail resumes to EXPOjobs@metro.net or mail them to Rick Thorpe, CEO, Exposition Metro Line Construction Authority, One Gateway Plaza, Los Angeles, CA 90012.

Exciting career opportunities exist for those qualifying candidates interested in a rewarding career with a team of professionals overseeing the construction of the Exposition Light Rail Transit Project.

Some of the open positions include; Chief Project Officer, Contracts/Risk Manager, Director of Finance, Director of Engineering & Construction, Director of Project Management, Government/Community Relations Manager and Representative, and Secretary/Receptionist.

Construction on the line is expected to start this summer. Beginning in downtown Los Angeles, the line will share two stations (7th St./Metro Center and Pico/Chick Hearn) with the existing Metro Blue Line. Just south of downtown the line will proceed west on the Metro-owned right-of-way on Exposition Boulevard, which parallels the heavily congested I-10 Freeway, with a terminus at Venice/Robertson in Culver City.

More...

Approximately eight new stations will be constructed for a total project cost estimated at \$640 million. A future second phase would extend the Exposition line to the City of Santa Monica.
