

CONSTRUCTION NOTICE

West End: *Soil Testing*

Attention Residents and Business Owners

The Exposition Construction Authority, in preparation for the construction of the Exposition Light Rail Line, will be **drilling test holes to determine soil conditions**. On behalf of the Authority, the design-build contractor FCI/Fluor/Parsons will work in various areas along the Exposition right-of-way.

When: **Thursday, January 11 and Friday, January 12, 2007**

Where: **National and La Cienega Boulevards along the right-of-way, in the Ballona Creek area**

Time: **8:00 a.m. to 3:00 p.m.**

Duration: **Two (2) Days**

Activity: Soil testing entails drilling test holes in order to collect samples of soil along the right-of-way and document subsurface conditions. The test holes that are drilled will be backfilled and covered on the same day of the drilling activity.

Traffic Impacts: We apologize for any traffic delays that this work activity may cause.

Safety Tip: Heavy machinery will be used. Please do not enter the construction work zone and obey all posted construction signs.
